Machine size / Weight	1800 x 1000 x 1600 mm / 160 kg
Package size / Weight	2400 x 910 x 1010 mm / 200 kg
Environment power on	Temperature: 15° c to 32° c /Humidity: 35 to 80% (no conden- sation)
Environment power off	Temperature: 5° c to 40° c /Humidity: 20 to 80% (no conden- sation)

### Personalized UV DTF printing automatic material collection system

#### Personalized customized crystal standard application scheme

The application scheme of crystal labeling is a new technology of the digital revolution. The advantage of this new technology is that it can be directly pasted and attached to the material surface to be transferred after printing, which is convenient and fast without other processing.

Plastic

Metal

Glass

Timber

Ceramics

Leather

#### Action steps

Remove the transfer sticker

Close to the surface of the object.

Tear off the transparent film

Accomplish

3 x EpsonI3200-U1 print heads
